

Retirement in Sight

There are lots of things to consider when planning for retirement, which often makes people feel overwhelmed and underprepared. One of the biggest dilemmas for those approaching retirement today is balancing the life they want to live now with the life they hope to live in retirement.

We look at a wide range of retirement issues in a gentle, supportive environment, including:

- ✓ **You:** retirement today, thoughts and emotions around retirement, dealing with relationships and change!
- ✓ **Money:** how to prepare, understanding state & private pensions, tax and why it is important, savings, protection, wills and other money matters, how to work with a financial advisor
- ✓ **Health:** mind, body, and nutrition
- ✓ **Time:** social, voluntary or paid work, leisure

Better with Money was set up to reduce financial misery and confusion in the UK. We aim to bring money matters to life in an accessible and interesting way, delivered in the workplace to employees helping them think clearly about money so they are less stressed.
